

## > Giant POWER Banner Stand

Whether for Outdoor or Indoor use, the Giant POWER Banner Stand is the ideal way to present a very large message that can be moved around easily. The base consists of four plastic containers that connect together and are filled with water or sand to create the required stability for an Outdoor Banner. The pole telescopes to 18' high allowing for a 12'H x 4'W double side banner.

- **Telescoping pole to 18' high**
- **Banner can be 4', 8' or 12' high by 4' wide**
- **Pole and base pack into cardboard box & tube**
- **Custom transport cases available**
